LABOUR RELATIONS SYMPOSIUM

VENUE: TRAVEL LODGE, GABORONE

THE CHANGING LABOUR RELATIONS ENVIRONMENT – NEW REALITIES, NEW CHALLENGES, NEW APPROACHES

FROM BUSINESS BOTSWANA DESK

Labour relations usually imply good and positive relations between employees and employers and help run an industry effectively and successfully. The importance of Labour Relations can be imbued with multiplicity of justifications.

Good Labour relations help:

1. Foster Industrial Peace:

Under the mechanism of Industrial Relations, both employees and managers discuss the matter and consult each other before initiating any actions. Doubts, if any, in the minds of either party are removed.

2. Benefit to Workers:

Industrial Relations benefits workers in several ways. For example, it provides a procedure to resolve workers' grievances relating to work.

3. Benefit to Management:

Industrial Relations provide managers with a system to handle employee indiscipline in the organisation.

4. Improve Productivity:

Experiences indicate that good industrial relations serve as the key for increased productivity in organisations. This increase is attributed to the peaceful Industrial Relations in the organisation.
